

# PNEUMATIC/ FOAM FILLED WHEELS

## FEATURES:

Convenient and durable. Rugged and tough, they roll quietly with heavy loads over most surfaces even uneven ones.

Perfect for use with a variety of "small equipment" including hand trucks and other material handling apparatus.

## Foam Filled Wheels

Never have a flat tire again! These wheels are puncture proof! No air needed as they are filled with polyurethane foam.

**254G**  
**PNEUMATIC WHEEL**  
 Temperature Range: -20°F ~ 160°F

**25FG**  
**FOAM FILLED WHEEL**  
 Temperature Range: -20°F ~ 160°F

## PNEUMATIC WHEEL

Wheel			Cap.	Bearing Bore	Hub Length	Catalog No.	Inflation Pressure
Dia.	TW						
Ins.	Ins.	Brg.	Pounds	Ins.	Ins.		PSI
6	2.00/2	Ball	265	1/2	2-3/8	6-254G	30
8	2.80/4	Ball	300	1/2	3-1/8	8-254G	50
10	4.10/4	Ball	350	1/2	3-7/8	10-354G	50

## FOAM FILLED WHEEL

Wheel			Cap.	Bearing Bore	Hub Length	Catalog No.	App. Wgt.
